Died in Arkansas.

Relatives in this county have received news of the death of Henry D. White, which occurred in Arkansas. He was running a livery stable there, and a kick from a horse caused his death.

The Lancaster band got together Monday and played for James Dillon's funeral. This is the first time they have played for six months, but Mr. Dillon was an enthusiastic friend of the band, and an extra effort was made to play for him.

Crab Orchard Springs.

Quite a number of Lancaster people have visited Crab Orchard Springs this season, and say the accommodations and fare are far superior to any previous season. There is a large crowd present, and one spends the time most pleasantly. It is the place to go for health and rest.

Mrs. Anna Singleton.

Hydrophobia.
Mr. Curt Robinson lost three head of stock from hydrophobia Sunday and Monday. A fine bull first developed symptoms and was promptly killed. Later, two fine cows showed signs of madness and had to be killed. The loss falls heavily on Mr. Robinson, as the animals were extra good ones.

The colored teachers institute will be held at the Court House August 6 to 10, conducted by Prof. Frank S. Williams, of Louisville, Ky.

Every teacher not attending institute, unless excused by county superintendent, will have his or her certificate revoked.

Thinks We're Up Against It.

Richmond Register:—If Garrard county doesn't get the proposed extension of the Southern railroad, from Burgoon to Jellico, it will be no fault of Louis Landram, who has consumed enough space in the RECORD, in what seems to be a vain attempt to stir his sleepy fellow-citizens to action, to pay for half a dozen rights of way. Your will is good, Louis, but to a man up a tree, it looks like you are up against a tough proposition. Here's hoping you will win out, however.

Sudden Death.

Miss Darcus Leavell died at her home on Lexington pike, very suddenly Tuesday morning. She arose that morning feeling quite well, and ate a hearty breakfast. About nine o'clock she suddenly fainted and died within a few minutes. The deceased was a most charming lady, and very popular among a wide circle of friends. Funeral services were held at the Presbyterian church, and the remains interred in the Lancaster Cemetery. We hope to have a more extended notice of Miss Leavell in next issue.

Col. T. S. Elkin has bought out the meat market of Mr. E. W. Norris, on Richmond street, and will continue the business at the same stand. Col. Elkin has been in business in Lancaster since the memory of man runneth not the contrary, and always gets a liberal share of trade.

I have a good, clean stock of goods of about \$2,000, and the best stand in the county to sell goods. I will sell my stock, and the store room can be rented reasonably. This is one of the best openings for a man to sell goods that I know of. It is five miles from the nearest store and 14 miles to the nearest town. Will sell or exchange for a good farm. Call, or address Mrs. K. M. Scott, Beuna Vista, Ky.

Blind John's Orchestra.

Many Lancaster people remember John Boyce, the blind colored man who used to make music for hops and parties. He was leader of the old Jess Baughman Danville band, to whose strains many of our now "older" set have danced several thousand miles. John took charge of the famous "Waxey's" band at Lexington at the death of the latter, and has since kept it up to the highest standard of excellence.

Manager Hofmann has this orchestra employed at Crab Orchard Springs now, and it is furnishing delightful music.

Successful Business Man.

Last week at the Press meeting, Mr. W. B. Belknap, the well-known Louisville hardware man, presented each member with a souvenir, which was highly appreciated. Mr. Belknap's name is familiar to all readers of the Louisville papers, as he is a strong believer in advertising, and to which he attributes most of his success in business. No citizen of the Falls City stands higher in the estimation of the people than does he, which goes to show what honest dealing, upright methods, liberality, kind-heartedness and plenty of advertising will accomplish. Long live and continued success to Mr. Belknap.

Chicken Causes Trouble.

Last week, Dr. B. F. Baker and Mr. W. C. Heizer, representing the Witt Drug Co., of Chicago, were in this county working up the trade, and stopped at the Garrard. Dr. Baker seems to be a dyed-in-the-wool Methodist, as he has a ravenous appetite for chicken, and claims Landlord Fissinger promised to have plenty of the fowl at hand. All went well 'til Wednesday evening, when no chicken was forthcoming, and the two gentlemen adjourned to a nearby restaurant and had the fat hen slain. When they came to settle with Mr. Fissinger, a dispute arose over settlement for the meal that was served minus fowl, and the two gentlemen left for Danville. Mr. Fissinger swore out a warrant charging them with attempting to defraud an inn keeper and Marshal Pearce drove to Danville and brought them back. A trial was had before Judge Brown, and resulted in their dismissal. Dr. Baker says he cannot eat any other kind of meat. The case was amusing, but at the same time quite annoying to the two travelers. Mr. Heizer is a brother of Rev. Ike Heizer, of Danville, and is well acquainted in this section of the state

A Fine Game of Ball.

The "second nine" of this place, went to Hustonville, Saturday, and were beaten by the club of that city 12 to 8. The local boys say they were never more nicely treated than they were by the Hustonville lads, and compliment the latter's playing highly.

A return game will be played here next Tuesday at 2:30 and a big crowd should see it.

There is a growing feeling among the people to give the rising generation a mechanical education in connection with the regular course now in vogue. As the matter is now conducted, many a good plow hand is ruined by trying to beat in his head the Greek, Phisi, and other languages that are of about as much use to him in this day and time as a fifth leg on a horse. What is needed is more educated mechanics and less so-called lawyers and doctors. The average school of today beats into a cub's head the idea that he knows all about medicine, the law, or what other profession he has undertaken to master. The young man then swings his snaffle, lays aside his text books, and is a full fledged "professional" man. If the schools would teach trades and guarantee the student a place as "foreman of the shop" instead of a "leading lawyer" or a doctor who will raise the dead, the young fellow would more than likely turn out to be of some benefit to his community. There are fewer skilled mechanics in Kentucky than any state in this section of the Union, and more fellows trying to eke out an existence practicing some profession. The greatest trouble is that so many think that manual labor is not honorable.

"Our Wives and Our Sweethearts—May They Never Meet,"—was the toast responded to by Miss Elvira Sydnor Miller, the charming chief cook and bottle washer of the "Tattler" department of the Louisville Times. What she did for the subject was an elegant sufficiency. Had we been referee of the meeting, we would have borrowed Mayor Weaver's speech to the press boys, substituting the words "The Bakery" where he said key to "The City" and feel sure we would have voiced the feelings of every editor present, by deeding the property to her. She certainly keeps abreast of the Times, and, judging from her frequent spicy comments on Louisville's public men, she makes their lives almost as comfortable as a well-fitting grave.

We heard more political gas-bags pop off around the hotels Louisville two days last week than we have heard in Garrard county in six weeks. This is another evidence that Garrard is the best county in the state. Her citizens are at work and have no time to gas. Our people all have their opinions, but believe in granting to every one the right to think as he pleases. Idleness brings up political discussions, and if the vagrant law was strictly enforced there would be few such arguments heard.

publican ticket in this district. He made a faithful representative and would get the united strength of his party.

We had always heard that Clarence Woods, of the Richmond Climax, was a teetotaler and rank prohibitionist, but when we saw him attempt to blow the foam off the loving cup passed at the Louisville meeting, it caused a doubt to arise.

The big dailies are chock full of politics now, and scarcely anything else finds room in their columns. The smaller fry take up the cue and add "Thems my sentiments too". And so it goes.

If the Powers would scatter Rough on Rats throughout China, they could soon conquer the yaller devils in cutting off their food supply.

A Popular Gentleman.

We present herewith a fair likeness of Mr. Robert Brown, managing editor of the Louisville Times, who was recently elected president of the Kentucky Press Association. Mr. Brown is also private secretary to Mayor

We thank Mr. Woods for his efforts so far, and earnestly hope for his success.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc.

They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Greens' August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by C. C. & J. E. Stormes.

DOES IT PAY TO BUY CHEAP.

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. TRY ONE BOTTLE. MORE LOCAL.**Death of James Dillon.**

After a lingering illness of consumption, Mr. James Dillon died at his home on Richmond street Sunday morning at an early hour. As has been stated in these columns from time to time, he has improved and grown worse at intervals for the last five or six years, but the final illness appeared some three months ago and he has been confined to the house ever since. The funeral was conducted by Dr. McKee and Rev. Campbell at the Presbyterian church Monday afternoon at two o'clock, concluded at the Cemetery by the Knights of Pythias lodge.

"The Old Crow," as he had named himself and was familiarly called, was one of the best known citizens of Lancaster. He came here eighteen or twenty years ago, and we are sure that no man has done more favors for people and attended to more "thank you" jobs than has he. He was born in Dublin, Ireland, and came to this country when quite young. He served with honor in the Fifth Ohio regiment during the civil war, and was a devoted member of the G. A. R. At the battle of Gettysburg, the roaring of the cannon injured his hearing, and he grew very deaf in the last years of his life. For a long time he was a conductor on the L. & N. railroad, and during the cholera in Lancaster ran a train through this place, a task no other conductor would undertake. He was connected with the Cincinnati fire department just after the war, and the experience gained there was often used to great advantage in Lancaster. He took a great delight in getting up entertainments, and no home talent show was ever attempted that he did not much if not more hard work than any one to make it a success. There was one characteristic of Jim Dillon's that we wish to set forth distinctly, and that was his earnest desire to help any poor unfortunate that were cursed with the drink habit. No matter who had gotten down from the damnable curse, he would always go at once to see him, and while some long-faced, "church members" were saying how the fellow should be taken out and burned at the stake, Jim Dillon would be administering to his wants and trying to encourage him to turn from the evil of his way, brace up and be a man. We know of one other man in town who does this, and we say unhesitatingly that that one good trait alone is enough to earn for them a crown in the great beyond. If Jim Dillon admired a man, he would show it by kind deeds, and if he disliked him, he would most certainly let him know it.

He was not of the kind who proclaimed his good deeds from the house tops, but went about in a quiet manner doing a good turn whenever and wherever an opportunity presented, and it is safe to say his kindness of heart has been rewarded. He leaves a widow and one daughter, Miss Nellie, who has great sympathy in their loss.

Pepsi Syrup Co. November 6, '99.

Dear Sirs:—I feel it my duty to write to you and let you know how much good your medicine has done for me. Twenty-three years ago I was taken with some kind of stomach trouble and I tried everything I heard of. They did me but little good. Three years ago neuralgia set in on me and I got so poor and weak that I could hardly walk—couldn't work any. My husband received a book through the mail, advertising your medicine, and he sent our little boy to the drug store to get one of your ten-cent bottles. I began to use it. It is strange to say, but it's the truth, the second dose I took gave me lots of relief. I kept on using it till I used it nearly one year and now I am nearly as strong as I used to be and can do any kind of work. I recommend it to all, for it seems to me it would cure anybody. I have gotten several to use Dr. Caldwell's Syrup Pepsi and they all say it has done them so much good. God bless Dr. Caldwell and his medicine for doing me so much good. Yours with respect, Mrs. Isabel Wheele, Freetown, Jackson Co., Ind. Sold by R. E. McRoberts druggist. 1m

HEALTHY OLD AGE SSS

The majority of persons upon reaching middle age and past find their blood becomes weak, thin, and diseases that were easily controlled in earlier life begin to affect the constitution.

Those predisposed to Scrofula, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poison can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrofula, Cancer, Rheumatism, Eczema, Tetter, etc., and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste materials to accumulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these pests. If your system is run down and you feel weak and listless, take S. S. S. It will make you happy, healthy old age.

S. S. S. cured Mr. H. Borden of Saunemin, Va., of a case of rheumatism, and his wife of a severe case of rheumatism, and has used every case known and recommended as a cure without receiving any made complete and permanent cure.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge.
